

## Great Falls Woods Mailbox Maintenance Information

All homeowners are required to keep their mailbox and post in good condition. This may involve painting posts, replacing damaged or deteriorated mailboxes with the approved mailbox and lettering.

The current standard mailbox for Great Falls Woods is:

Fulton Corp Us#1-1/2 Black Rural Mailbox 1-1/2C-BLK – it is available from Amazon and other sources

The current standard lettering for GFW mailboxes is:

Font – Seagull

Size – 1.5 inches height

Color – White (reflective)

11522

These numbers were originally ordered from [DIYLettering.com](http://DIYLettering.com) and that is probably the easiest way to ensure that you get what you need. They are quite easy to apply yourself – just follow their

instructions. Here is a [link](#) to their tool to design your personal number.

Remember! Your mailbox has a number on both sides so you will have to order two sets. Also, please take care to ensure that your numbers are mounted in the same location as the original in order to keep the look identical throughout the community.

In the unlikely event that you need to replace a mailbox post you will need to ensure that your replacement is identical to the rest of the community. The post that we currently have installed is:

Janzer mailbox from Gaines Manufacturing – Model #JP-BLK textured black post

These posts are available online through the [Gaines website](#). If you have any difficulty in locating a replacement, contact our management company for assistance.
